

*Dear Fellow Campers,*

*On behalf of the President of the Georgia Mountaineers I would like to introduce you to our Chapter of the Family Motor Coach Association (FMCA). We were chartered in 1993, and operate mainly in the north Georgia area, but also range into Alabama, Florida, Tennessee, and the Carolinas.*

*Included is an information sheet about our Chapter along with the current rally schedule. Our local rallies are once a month, begin in April and end in December. The same as FMCA, we hold dearly family values, with children and grandchildren welcome at all of our rallies.*

*If not already a member of FMCA, join them, and then take the next step and enjoy the many benefits of friendship, sharing, and togetherness that a smaller group affords. I invite you to come and visit with us at one of our rallies. You do not have to be a member of FMCA to visit with us.*

*Sincerely,*

**Ted Barrett**

- **One of the greatest benefits of being a Georgia Mountaineer is the enjoyment of fellowship with folks like you who have similar interests.**
- **Sharing of information on motor coach care and maintenance:** Chapter members are more than glad to share their experiences and ideas. Whether it relates to repairs, battery care, winterizing, tires, or use of various RV products, there is a wealth of information to be exchanged.
- **Traveling and places of interest:** Many members have made extended travels all over the USA and Canada and can provide helpful pointers for use in planning your trips. Plus our rallies are usually held in very interesting and scenic places for you to explore.
- **Perfect reason to use your motor home:** No need to stay home, our monthly rallies provide the perfect excuse to get out and go. Get greater use out of your motor home.
- **Newsletters:** Our newsletter, The Mountaineer, is published after each rally. It keeps members informed and up to date as to rally events and happenings. Many items are documented by photos for our Scrapbooks.
- **FMCA political clout:** Chapter membership offers more input into the policies of FMCA through our National Director who is elected by chapter members.
- **Membership involvement:** You participate in our periodic business meetings, which are held in conjunction with our rallies.
